## SWIMLINK – SWIMMING CLASS UPDATE

---

Dear Swimmers (Sea horses/turtles, stingrays, seals, dolphins, sharks and Orcas),

We are missing you all in the pool and we are working very hard to get your swimming classes back as soon as possible. Currently during the summer months we will not be offering any swim teaching classes. However we are looking closely at restarting the lessons in September as children return to school. We do understand this may be a challenging time for most families so we will consider all factors when returning our lessons. A number of new control measures will have to be implemented to ensure best practice and to ensure social distancing can be adhered to at all times. At this stage we are only reviewing the rapidly changing situation with plans to return in September. However we cannot confirm at this stage if lessons will return. All remaining unused credits will be allocated for the new swim term once it returns. We encourage all our swimmers to get back to leisure swimming over the summer months. Practice your strokes and skills and enjoy the water once more, whether it's here at Sportslink or the Irish Sea.

Stay safe and always swim responsibly with an adult.

The Swimlink team
